DX Fanzine No. 67 – March 2019

DX Fanzine, an electronic newsletter which was originally edited in 1999/2000, brings together tips and news as contributed by individual DXers or ascertained from different sources. We are interested in any change in frequencies, times, language-services, transmitters, programme contents, phone and fax-numbers, electronic and postal address, station personnel. The purpose of DX Fanzine, which doesn't pretend to be in competition with any other electronic DX newsletter, is to provide timely and topical news and information to shortwave enthusiasts worldwide. It is available on the web at www.dxfanzine.com and updated as soon as loggings, DX news, frequency updates, as well as, QSL notes are received from any SWL around the world. Although the primary platform for delivery of DX FANZINE information remains its web site, it is turned into a pdf file, (where you can see the final version of it with loggings and information, just as they appear online), a couple of days after the end of each month and sent out FREE to anyone who has subscribed. The current as well as the previous editions of DX Fanzine (including those of years 1999/2000!) can be accessed from its home page and are there almost indefinitely.

NB: All times, days and dates are day/month GMT-UTC, unless otherwise stated. Logs are entered in frequency order. Reception quality abbreviations: P = Poor, F = Fair, G = Good, E = Excellent. Language abbreviations: AA=Arabic, CC=Chinese, CT=Catalan, DD=Dutch, EE=English, FF=French, GG=German, HA=Hausa, IT=Italian, JJ=Japanese, KK=Korean, PP=Portuguese, RM=Romanian, RR=Russian, SS=Spanish, VV=Vernacular.

Material from DX Fanzine may be redistributed, posted to any other location, published or used for broadcast, provided it be fully credited to DX Fanzine and the original and intermediate sources.

Please send your contributions to: tarantodx@hotmail.com **EDITOR: Antonello Napolitano (AN).**

QSL REVIEW

DJIBOUTI

VOA, via Doraleh, 1431 kHz: F/D eQSL, including transmitter site, in 1 day after F/UP. The reply came from US Agency for Global Media Transmission & Engineering Directorate – Broadcast Technologies Division. E-mail: gsl@usagm.gov – Finally, after many attempts to various E-mail addresses, I was able to receive this confirmation for a VOA broadcast in Somali heard on 10 March 2018 and carried over the Doraleh transmitter site. For the sake of good order, it should be mentioned that in 2018 I received from VOA a cumulative QSL card verifying three different reception reports, including that one about reception of their broadcast in Somali which missed exact date of reception (VOA indicated the full seasonal schedule period) and trasmsitter site. Even times didn't correspond with my receptions reports. Despite I always reported reception only about a portion of their broadcast, VOA indicated the starting/ending time of each transmission. Only frequencies agreed with my reception reports. A lot of thanks to Ivan Zelenyi from Nizhnevartovsk in Russia who suggested me to use the above mentioned E-mail address. (Antonello Napolitano, Taranto, ITALY)

LAST BUT NOT LEAST… ***A new Facebook page called "GRAL Gruppo Radiosacolto Liguria" (A DX club of Italy which ceased to exist about 15 years ago) has recently appeared. It is about DXing and shortwave listening with most of written contents in Italian and photos from the golden era of International shortwave broadcasting, including pennants and QSL cards. Although it is focused on the past rather than on the latest developments on the shortwave bands it deserves a visit. If you wish to take a look at it, here is the web-address: https://www.facebook.com/graliguria/***
