

## DX Fanzine No. 83 – July 2020

DX Fanzine, an electronic newsletter which was originally edited in 1999/2000, brings together tips and news as contributed by individual DXers or ascertained from different sources. We are interested in any change in frequencies, times, language-services, transmitters, programme contents, phone and fax-numbers, electronic and postal address, station personnel. The purpose of DX Fanzine, which doesn't pretend to be in competition with any other electronic DX newsletter, is to provide timely and topical news and information to shortwave enthusiasts worldwide. It is available on the web at [www.dxfanzine.com](http://www.dxfanzine.com) and updated as soon as loggings, DX news, frequency updates, as well as, QSL notes are received from any SWL around the world. Although the primary platform for delivery of DX FANZINE information remains its web site, it is turned into a pdf file, (where you can see the final version of it with loggings and information, just as they appear online), a couple of days after the end of each month and sent out FREE to anyone who has subscribed. The current as well as the previous editions of DX Fanzine (including those of years 1999/2000!) can be accessed from its home page and are there almost indefinitely.

**NB: All times, days and dates are day/month GMT-UTC, unless otherwise stated. Logs are entered in frequency order. Reception quality abbreviations: P = Poor, F = Fair, G = Good, E = Excellent. Language abbreviations: AA=Arabic, CC=Chinese, CT=Catalan, DD=Dutch, EE=English, FF=French, GG=German, HA=Hausa, IT=Italian, JJ=Japanese, KK=Korean, PP=Portuguese, RM=Romanian, RR=Russian, SS=Spanish, VV=Vernacular.**

Material from DX Fanzine may be redistributed, posted to any other location, published or used for broadcast, provided it be fully credited to DX Fanzine and the original and intermediate sources.

Please send your contributions to: [tarantodx@hotmail.com](mailto:tarantodx@hotmail.com) **EDITOR:** Antonello Napolitano (AN).

## **VOICE OF HOPE AFRICA SUSPENDING MORNING BROADCASTS IN FAVOUR OF EVENING BROADCASTS**

Voice of Hope - Africa is temporarily suspending morning broadcasts and resuming evening broadcasts once again, due to changes in the 'load shedding' schedule by the local power utility, ZESCO. Effective tomorrow, Saturday 1st August, we will be transmitting:

1400-1600 UTC daily on 6065 & 9680 kHz

1600-2130 UTC daily on 4965 & 6065 kHz

The evening broadcasts on 6065 may afford better listening opportunities for DX-ers in Europe. Reception reports are always welcome to [reports@voiceofhope.com](mailto:reports@voiceofhope.com).

A full program guide is on our website, here: [http://voiceofhope.com/schedule/voh-africa\\_program\\_grid.pdf](http://voiceofhope.com/schedule/voh-africa_program_grid.pdf) We are hopeful we will be able to resume broadcasting in both the mornings and evenings later this year as the local electricity supply improves.
