

## DX Fanzine No. 120 – September 2023

DX Fanzine, an electronic newsletter which was originally edited in 1999/2000, brings together tips and news as contributed by individual medium/short wave listeners or ascertained from different sources. DX Fanzine, which doesn't pretend to be in competition with any other electronic DX newsletter, is a compiled publication (not cut-and-paste) intended for sharing of DX reception notes, loggings, QSL details, and general news about medium and short wave (AM) broadcasting stations. As most printed DX magazines went out of print or changed to "digital-only" versions of their former selves, we set about making a bulletin as simply as possible (and free of charge!) that covered essentially two things: what is being heard on both, medium and short waves, and how to get a QSL verification from a radio station. Not only DX Fanzine is being distributed each month, free, via E-mail, to various Clubs, organizations and individuals worldwide but is also available on the web at [www.dxfanzine.com](http://www.dxfanzine.com) and [www.dxfanzine.org](http://www.dxfanzine.org). The current as well as the previous editions of DX Fanzine (including those of years 1999/2000!) can be accessed from its home page and are there almost indefinitely.

**NB:** All times, days and dates are day/month GMT-UTC, unless otherwise stated. Logs are entered in frequency order. **Reception quality abbreviations:** **P** = Poor, **F** = Fair, **G** = Good, **E** = Excellent. **Language abbreviations:** **AA**=Arabic, **CC**=Chinese, **CT**=Catalan, **DD**=Dutch, **EE**=English, **FF**=French, **GG**=German, **HA**=Hausa, **IT**=Italian, **JJ**=Japanese, **KK**=Korean, **PP**=Portuguese, **RM**=Romanian, **RR**=Russian, **SS**=Spanish, **VV**=Vernacular.

Material from DX Fanzine may be redistributed, posted to any other location, published or used for broadcast, provided it be fully credited to DX Fanzine and the original and intermediate sources. **Next deadline: 29.09.23**

Please send your contributions to: [dxf@dxfanzine.com](mailto:dxf@dxfanzine.com) **EDITOR:** Antonello Napolitano (AN).

**LAST UPDATED:** 2 September 2023, at 16.00 UTC. **Web:** [www.dxfanzine.com](http://www.dxfanzine.com) [www.dxfanzine.org](http://www.dxfanzine.org)

The cover photo shows on outside broadcast studio of Radio Bilbao (Cadena SER) from Spain (Basque Country). It is easily heard in Europe on the medium wave frequency of 990 kHz.

## ITALY ON MEDIUM WAVES

Welcome to this 4.5 edition of "List of private MW stations in Italy". Unlike other lists that you can find over the Internet, this publication only lists stations currently on the air, expected to start operation very soon or temporarily off-air. Also included is information on how to contact the stations (E-mail and Web sites), QSL policies and, when known, transmitter powers and future plans. I have compiled this list by assembling information received directly from the stations and my own research. I have done my best to keep mistakes to a minimum. This edition contains 3 new stations: Radio Calcio FVG 1539 kHz, Radio Centrale Milano 1575 kHz and a mysterious religious station which operates from Rimini on 1584 kHz.

Almost all of Italian MW stations are licensed. Despite this, solid data on hours of transmission, programmes, frequencies, and contacts are difficult to obtain because station practices themselves change often. Another point to be mentioned is the fact that frequencies sometimes change, and new ones or old ones appear or reappear. Some stations, especially those unlicensed, are not on the air daily and/or the frequencies rarely tend to be used all the day.

Most stations operate from the North of Italy (especially from the regions of Lombardia, Veneto and Friuli Venezia Giulia), a few from the central part of the country (Toscana, Emilia Romagna, Umbria, Marche, Lazio and Abruzzo) and, after the disappearance a number of years ago of Gold 1593 located in Sicily, virtually none from the South.

I am also aware about other stations which have planned to start as soon as possible broadcasts on medium wave but - for the time being - they have been omitted. This list will be regularly updated and more details will be added in future. If you have any corrections, additions, comments or suggestions please don't hesitate to write to: [dx@dxfanzone.com](mailto:dx@dxfanzone.com) - Last but not least: if you find any error (and you are invited to let me know) be advised that it was absolutely unintentional! Antonello Napolitano.
